Watson Studio, together with Watson Open Scale,
is a fully integrated tool covering the full

H₂O.ai

Cloud Commercial Tools

Since cloud products are a newer species, they follow the trend of having multiple tasks integrated into a single tool.

Watson Studio, together with Watson OpenScale, covers the complete development for all data science, machine learning, and AI tasks.

Azure
Machine Learning

This is also a fully cloud-hosted offering
supporting the complete development life cycle

The H2O.ai logo is centered on a bright yellow square. The text 'H2O.ai' is written in a bold, black, sans-serif font. The '2' is a subscript. The background of the slide features a faint, light blue silhouette of a person with arms raised, and several small, colorful circles (pink, yellow, green) are scattered around the central logo.

H₂O.ai

And finally, another example is H2O Driverless AI, which we've already introduced in the
